EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Christopher P. Maiorana (Reg. No. 42,829) on 29th of December 2004.

The application has been amended as follows:

IN THE CLAIM

As to claim 4, insert --first-- between "said" and "semaphore" in line 3.

2. The following is an examiner's statement of reasons for allowance:

The limitations of the claim 5, 13 and 17 are respectively deemed allowable over the prior art of record as the prior art fails to teach or suggest that a second memory element defining a second semaphore allocatable to said semaphore, i.e., cascaded semaphoring.

The claims 2-4, 6-8, 18 and 19 are the dependent claims of the claim 5, and the claims 10-12, 14-16 and 20-23 are the dependent claims of the claim 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The application having been allowed, formal drawings are required in response to this Office Action.
